April 22-40.

Dear Mr. Manley:

Expected to hear from you but I took it for granted that you were very busy. Every thing is O.K. on this end so far as I know. I have covered 4 broadcasting stations for sports parade, 18 towns, 2 news papers, Ad all week in local paper and large signs placed on truck to canvas county. Public address system, umpires if necessary, eating, sleeping if necessary, water and bat boys. I intend to use the passes I have for special reserved chair section as there are just a few and would be unnecessary to have tickets printed for such few. I am typing section and chair and special reserve on same in order that they may be easily detected.

Any further suggestions, last min., kindly let me know.

Yours for success,

C. Dillard, Jr.
